Packard Transport, Inc. celebrating 25 years providing superior freight transportation services

Channahon, IL – Packard Transport, Inc., a nationwide long-haul motor carrier providing freight transportation services throughout the U.S. and selected provinces of Canada is pleased to announce its 25th year in business.

Founded on October 24, 1989 by Rex D. Easton and the late Walter J. Kobos, Packard Transport was established with the goal of developing the finest truckload freight carrier utilizing independent owner operators exclusively.

“Today, Packard Transport, Inc. is a leading nationwide long haul carrier. We are very proud of this accomplishment and grateful to our customers, independent owner operators, sales agents and staff who have been instrumental in achieving this milestone,” stated Rex D. Easton, Chairman.

Currently more than 200 owner-operators provide flatbed, step deck, drop deck and van services to Packard Transport customers, including Fortune 500 companies and the U.S. Department of Defense. In addition, more than 125 independent sales agents represent Packard Transport across the U.S. Packard Transport specializes in hauling commodities including air handling units, aluminum, building materials (including insulation and steel), government freight, mining equipment, and truck bodies.

Packard Transport is proud to be certified to the Management System Standard ISO 9001:2008, as well as recognized by the U.S. Environmental Protection Agency as a SmartWaySM Transport Partner. For more information visit www.packardtransport.com.
